

Zachary Culnan Memorial Family Fund Activity Scholarship Fund

No youth should be priced out of participation in pursuits and passions that could have life-altering and lasting impacts on their future success.

The Zachary Culnan Memorial Family Fund - Activity Scholarship Fund was created with the purpose of providing a resource for low-income, disadvantaged and under-resourced youth who want to participate in a variety of different life-enhancing programs. Applicants who are pursuing participation in sports activities, theater, music, art, STEM or other hobbies are welcome to apply. The scholarship will provide financial support for the applicant to be able to take part in the opportunity of their choice.

The application process is intended for the youth, along with parents' assistance if necessary, to describe their program or activity of choice and why it is important to them. This will give the application committee an insight into exactly how the particular activity program will benefit the applicant. The application is also a great way for our selection committee to better get to know the applicant!

Age qualifications – 9 to 18 years of age

Income guidelines as follows:

<u>Household Size</u>	<u>Annual Income</u>
1	\$25,760
